Email: ahmed.alememe@uokerbala.edu.iq
ahmed.sileh@gmail.com

Current Residency: Iraq

Nationality: Iraqi

Positions: Lecturer PH.D.

Karbala university faculty of Computer Science and information technically. Year 2005.

Skills:

- Excellent teaching many subjects like (Advanced networking, image processing, data security and database SQL and IT).
- Excellent organization and self-managing skills.
- Excellent knowledge in IT field.
- Excellent Communication and interpersonal skills.
- Excellent problem solving skills.
- Excellent Team-Oriented management skills.

Academic Qualifications:

- Bachelor's Degree in Computer Science from Al-Mustansiriyah University, Science Computer Dep.(year 2002).
- Master's Degree in Computer Science and Artificial Systems with in Amirkabir University of Technology computer and mathematical department in Tehran Iran (2013).
- PhD Degree in the University of Babylon of Information Technology college in software engineering Department (Year 2019).
- Attended Professional training on IT Administrator's training 2011 at the ZiiK of the TU Berlin, took it part in a seven-month special education program about IT administration from April 2011 until November 2011 contents of the program were system administration on Linux, computer networking services, planning and organization and a final exam was part of program and passed with excellent.
- a member of the IEEE Student Branch of the Iraq Section 20190
- Attended Professional training CCNA Exploration: Network Fundamentals in September 2008 contents of the recognize the devices and services that are used to support communications across an internetwork and build a simple Ethernet to perform basic router and switch configuration and verification at Bagdad university computer center.
- Passed for instructor CCNA Exploration in august 2009 at Basra university computer center.
- Attended Professional training CCNA Rounding Protocols and Concepts in October 2008 at Bagdad university computer center.
- Attended training with Orientation and management (LMC) for students Bagdad university computer center.
- Passed for IC3 contents of the program were (Standard Computing Fundamentals, Standard Living Online, and Standard Key Applications) at august 2010 certification for having demonstrated basic computer hardware, software and internet knowledge and skills through the successful completion of examinations comprising IC3.
- Attended Professional training MTCNA-MikroTik Certified Network Associate at July 2012 certification for having demonstrated operating system of MikroTik devices in 2012.
- Attended Professional MTCWE-MikroTik Certified Wireless Engineer MTC content (Wireless routers, Router Board Hardware, Wireless cards, Wireless Security and Antenna types) in 2012.
- Attended Professional training Computational Geometry in University of Amirkabir in Department of Mathematics and Computer Science year 2013 under license Prof. Dr. Mark de Berg.
